DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 6 and 8-13 are rejected under 35 U.S.C. 102(a) as being anticipated by Chappert et al. This reference discloses applying a Co magnetic layer to a substrate and treating the film with a He ion beam under the influence of a magnetic field to form a film having an easy axis and direction. See page 5, third full paragraph and page 6, second full paragraph.
